Aarav Mehta

Computer Science Graduate | Backend & Machine Learning

aarav.mehta@example.com | +91 98765 43210 | Pune, India | linkedin.com/in/aarav-mehta-demo | github.com/aarav-demo

PROFESSIONAL SUMMARY

Computer science graduate with hands-on experience building REST services and machine learning prototypes. Comfortable working across the stack and shipping small, tested features. Relevant strengths for this role: communication, docker, flask, git, postgresql, python.

EXPERIENCE

Software Engineering Intern — BrightByte Solutions (demo) — *Internship, Pune, India* 2023-05 – 2023-07

- Developed and documented 6 REST endpoints in Flask for an internal reporting tool.
- Optimised two slow SQL queries, reducing report load time from ~8s to ~2s.
- Participated in code reviews and daily stand-ups with a team of five.

Tech: Python, Flask, SQL, PostgreSQL, REST API, Git

Data Analytics Intern — DataNest Labs (demo) — *Internship, Remote* 2022-12 – 2023-02

- Automated a weekly sales report with pandas, saving about 3 hours of manual work per week.
- Built dashboards and presented findings to the analytics lead.

Tech: Python, pandas, Data Visualization, SQL

PROJECTS

Inventory Management API — *github.com/aarav-demo/inventory-api* 2024-01 – 2024-03

- Built a REST API for stock tracking with role-based access and pagination.
- Designed a normalised SQLite/PostgreSQL schema with foreign keys and indexes.
- Wrote unit tests with pytest and containerised the service with Docker.

Tech: Python, Flask, REST API, PostgreSQL, SQL, Docker, Git

Customer Churn Predictor — *github.com/aarav-demo/churn* 2023-08 – 2023-10

- Cleaned and explored a 50k-row telecom dataset with pandas.
- Trained and compared logistic regression and random forest models, reaching 0.86 ROC-AUC on a held-out set.
- Visualised feature importance for non-technical stakeholders.

Tech: Python, pandas, NumPy, scikit-learn, Machine Learning, Data Visualization

Campus Events Portal 2023-01 – 2023-04

- Built a responsive single-page app where students browse and register for events.
- Connected the React front end to a Flask JSON API.

Tech: React, JavaScript, HTML, CSS, Flask, SQLite

EDUCATION

B.E., Computer Engineering — *Savitribai Phule Pune University* 2020 – 2024

- Grade: CGPA 8.7/10
- Relevant coursework: Data Structures, Database Systems, Machine Learning, Operating Systems

SKILLS

Technical: Flask, PostgreSQL, Python, REST API, SQL
Tool: Docker, Git
Soft: Communication, Teamwork

CERTIFICATIONS

Python for Everybody — *Coursera* 2022-09

LANGUAGES

English (Fluent), Hindi (Native), Marathi (Native)
